We Take Pleasure in Announcing for Tomorrow the Chief Tailored Apparel Occasion of the Season The Complete Spring Showing of Women's WOOLTEX TAILORED COATS & SUITS

THIS superb assemblage of handsome new models has just arrived from America's foremost makers, and the women of our city who enjoy earliest glimpses of the new fashions, have a treat in store for them when they see this Wooltex exhibition.

Every garment in the delightfully varied collection expresses smart style-correctness; but the distinguishing characteristics that mark their superiority over usual ready-to-wear garments are:

**Refinement of Style
Gracefulness of Lines
Elegance of Materials
Superlative Workmanship**

The unusual niceties of custom-tailoring give to each garment an effect of elegance the moment it is taken in the hands, and this thorough and skillful workmanship creates the artistic and perfect-fitting lines which do not depend for their shapeliness upon the hot iron of the presser; but they are hand-moulded into each garment to live as long as the suit or coat is worn.

Come and see the exhibition tomorrow, while our fullest assemblage is here, and select for yourself new and becoming garments from this charming Wooltex collection.

The Store That Sells Wooltex

THE figure at the left in the picture, showing Wooltex suit No. 1712, is a smart model for the matron or the younger woman. The jacket has a peplum attached to the semi-circular waistline, trimmed with groups of buttons. Strictly tailored collar and revers, with five buttons. Skirt has yoke fastening with three buttons. Materials are poplin, barathia and gabardine.

NO. 1713 is a particularly smart suit for young and slender women. The new softly folded pleats, which are not pressed flat, give a distinctive effect; partial belt. Jacket may be worn open or closed. Two-piece circular skirt, with inserted triangle on each hip. Materials are imperial serge, gabardines and checks.

NO. 1708 illustrates a handsome new suit, adapted from a model by Paquin. Jacket is in uneven lengths, with belt across the centre in front and in back. Diagonal side pockets; trimming of cords of the material and embroidery. Rolling collar, with detachable over-collar of white silk crepe embroidered in pastel tint. Materials are gabardine, plain poplin and fine serge.

COAT No. 1314 is distinguished by a graduated double row of softly folded pleats, which grow wider toward the bottom of the coat, confined by a partial shaped belt crossing the back and ending under the arms. High rolling collar, trimmed with cords of the material. Full silk-lined. Materials are black and white checks, imported serge and toothair worsteds.

COAT No. 1313 is a youthful model for general wear. There is a pleasing suggestion of Norfolk effect, with broad belt and novel pockets. May be buttoned up close to the neck, or worn open. The collar of striped cloth may be worn high or flat. Materials are black and white checks, gabardine and barathia.

THE modish flare effect is charmingly illustrated by Coat No. 1300. A model that makes the figure look slender—becoming to a wide variety of figures. Panel back with folded girdle. Collar of black faille silk. Materials are mistral, box poplin and gabardine. Full lined with silk in matching or contrasting colors.

Wooltex coats, \$16.50, \$20.00 and \$25.00.
Wooltex suits, \$25.00, \$30.00 and \$35.00.

CATARRH CAUSED BY A GERM

How To Destroy The Germ and End Disease.

To cure catarrh so it won't come back you must, according to a noted authority, first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation which does this called Hyomei (pronounced High-o-mei). Hyomei is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomei through the mouth and nose by means of a little hard rubber inhaler which druggists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen inflamed membranes, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. Chas. Rhodes and many other leading druggists in Alma and vicinity sell Hyomei with the positive guarantee that it must cure catarrh or that the money paid for it will be refunded.
